Holiday Club – What to bring

What to bring? (Dependant on the weather and activities organised)

It's Simple:

- Packed lunch – containing no nuts please – in a cool bag or box clearly named
- Trainers and clothes for getting messy in
- Hats
- Waterproof coat
- Bag with a change of clothes in
- Sun cream and sunhats in the warm weather

Please clearly label all of your child's belongings

Please do have a look at our timetable of activities to see what extra activities or trips we may have planned and what to bring for that specific day i.e. swimming costumes for Water week.

We ask that no jewellery, money or other valuables are to be brought into the club. We would ask that small hair accessories are not brought in as they are a choking hazard. Articles are left at owner's own risk.

Holiday Club Information

Weekly themes

Smartcare will choose a theme which we think you will really enjoy and is often chosen by the children attending Smartcare. There is always lots of variety including arts and crafts, group games, free play and table games. Smartcare always looks to find the right balance between organized fun and child initiated play.

Sports

Having listened to your thoughts from our questionnaires and daily feedback, we have plenty of sports at our holiday club. This will be offered this half term through a pot luck system where the children can choose which sport they would like to do that day with the wide variety of equipment we have available. Some examples will be; football, cricket, hockey, dodge ball, etc.

Visitors and Trips

Smartcare includes opportunities for children to go on trips for our themes and for visiting professionals to come and give children opportunities to try a variety of activities. If any parent would like to come in to Smartcare to share their expertise or experiences with the children please see Heather.
